We penetrate into the marvellous world of glasses.

Female glasses, taking advantage of summertime, enjoy the red-hot boom-boom boogie boogie in front of the male glasses... with a pretty sexy happiness.

We can notice how they approach in a risky way to the macho. The macho is just there, waiting for being accepted.

Then, he activates the chiqui-chiqui loving protocol with the traditional and romantic horny dance. We still don't know if the rejected female pair of glasses will be friendly or extremely violent.

We'll discover how the story goes just in a second. Keep watching!
